

# 3" Traditional Picket Gate Instructions

1. 2 - Post Caps
2. 2 - Posts with Gate Pockets
3. 2 - Rails
4. 1 - P-Channel (inside bottom rail)
5. 6 - 3" Pickets with Caps
6. 10 - Stainless Steel Screws
7. 1 - Crossbar

Step 1: Put Pickets into bottom rail.

Step 2: Put Pickets into top rail.

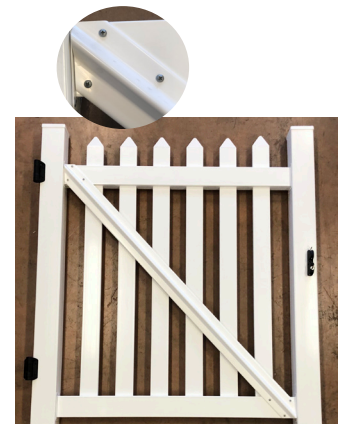

Step 3: Put top and bottom rail into both posts.

Step 4: Measure to make sure the gate is square.

Step 5: Screw top and bottom rail into gate pockets.

Step 6: Cut cross bar to desired length & make sure it's attached at the top of the hinge side.  
Step 7: Install Hinges and Latch per directions in hardware package. (Sold Separately)
